Experience

Hallmark Cards

Mobile Application Developer   Jan. 2018 – Present

- Developed Xamarin Applications with C#/.NET for Retail Stores
- Developed an application that helps track key performance indicators, sales data, etc
- Established CICD pipeline to push applications to beta and GA groups through Airwatch
- Developed an application that allowed real-time inventory management
- Spearheaded the creation of several new applications that interfaced with Salesforce, Brightcove, 3rd party APIs, Mainframes, and SQL Servers
- Worked with 3rd party integrations such as Rollbar and Apigee
- Collaborated with designers and stakeholders to develop functional and attractive user interfaces

IT Analyst Intern   Jun. 2017 – Dec. 2017

- Developed a Windows WPF application for use by employees working in the distribution center
- Helped track damages and performed inventory calculations to keep an SAP, Mainframe, and a SQL Database in sync

Missouri Employers Mutual

Mobile Application Developer Intern   May 2016 – Dec. 2016

- Developed native iOS applications in swift to give sales reps real time data and calculations when working with customers
- Developed an external application that provided users with safety training, incident reporting, and helped locate the closest and most affordable medical care

Lexmark Enterprise Software

Salesforce Developer Intern   Jun. 2015 – Aug. 2015

- Designed, setup and maintained Salesforce standard objects and custom objects while also creating user roles, security profiles and workflow rules.
- Helped integrate customer accounts from two separate Salesforce accounts following the acquisition of another company
